EDITOR'S WELCOME

Hello Alumni!

This past weekend was a very busy and exciting time to be in the Phoenix area with the Super Bowl LVII being played in Glendale and the Waste Management Open golf tournament being played in Scottsdale. Both being decided late in the day on Sunday, with very exciting finishes.

Actually, your Alumni Club also had a busy week starting with a very nice social and learning event on Wednesday with docent-led tours and a luncheon at the Musical Instrument Museum in

Phoenix. This venue overwhelms its visitors. There is so much to be seen and learned about music and instruments from around the world, with new exhibits being introduced regularly. Visiting the MIM and sharing a guided tour with people you enjoy is the best way to go. You will find pictures from this event on pages 3 and 4, with many more to be found on the Club's website.

There are two more events scheduled for this program year that you will not want to miss – a guided tour through the Heard Museum on March 14th and an opportunity to learn about the native animals and creatures you might encounter around your home or in the valley, when a representative of the Arizona Game and Fish Department speaks to our Club on April 13th. More information about these events can be found on page 5.

I am always amazed as I learn more about current Club members. Their varied backgrounds are broad and their experiences are rich. You may see members quietly and regularly attend meetings, but have no idea of the many talents they possess and accomplishments they have had over the years. On pages 6 through 9, you will find another interesting member interview compiled by Roxanne Steffe about long-time members Bill and Ruby Boechler. I am sure this article will prompt some new conversation you will have with them at a future meeting.

Along with the interviews, Roxanne has contributed another of the popular Member Quizzes on page 11, with answers to last month's quiz on page 10.

As introduced last month, the Club will be celebrating its 50th Anniversary in 2024. The Board has selected March 12, 2024, for the Special Celebration to commemorate this Golden Anniversary. I encourage you to put this date on your calendar and reserve the date. Details of the special event are currently being planned and will be rolled out as they are finalized.

See you at the Heard Museum on March 14th!

PRESIDENT'S MESSAGE

Welcome!

We've gotten off to a great start with February's activity, the Musical Instrument Museum. This was the first time I've toured since Covid took over. The Museum has increased the quantity and quality of their Instruments, their displays, and their history. The Museum provided two Docents to guide us through the Museum. Their explanations of the Instruments and their histories, and in some cases the cultural meanings, painted a picture we would never have anticipated. A trip to and through the Museum is something to look forward to on your future visit.

It's time for us to finalize our events for Club Year 2023 and 2024. We are still in need of more meeting options for November 2023 and February 2024. If you have any ideas and/or experiences that we should consider for a future meeting, please let us know about it.

If you know of any past members or recent GM Retirees who aren't currently participating in the Club, let us know and we will be happy to contact them. Your encouragement can also play a role in encouraging them to join the Club.

Finally, you might dig through your GM memorabilia to see if there is anything you might have that would be worthy of display at our March 2024 50th Anniversary Celebration. In the mean time, if you have any interesting stories or information from your past experiences, we're always looking for material for our Newsletter.

Thanks for your membership. We look forward to your attendance at the next two Meetings.

FEBRUARY 8, 2023 - MUSICAL INSTRUMENT MUSEUM

On February 8th, club members and guests assembled at the Musical Instrument Museum in Phoenix for a brief presentation by MIM staff on the background and overview of the museum and a brief Club business meeting before having a delicious lunch in the Café Allegro. Following lunch, the group was given very informative docent-led tours for a detailed overview of the various sections of the Museum with opportunity to then investigate any of these areas in more detail until close of the museum.

REMAINING 2022 - 2023 PROGRAM YEAR EVENTS

March 14, 2023

On **March 14, 2023**, the Club will tour the **Heard Museum** in **Phoenix**. The Heard is recognized internationally for the quality of its collections, world-class exhibitions, educational programming and its unmatched festivals. It is dedicated to the advancement of American Indian art, and successfully presents the stories of American Indian people from a first-person perspective, as well as exhibitions that showcase the beauty and vitality of traditional and contemporary art.

The Heard Museum sets the standard for collaborating with American Indian artists and tribal communities to provide a distinctive perspective about the art of Native people, especially those from the Southwest.

Join the Club for a guided tour of the museum, followed by a boxed lunch to be enjoyed in the Courtyard Café. Everyone is then welcome to tour at their own pace those exhibits that caught their attention and require further in-depth review.

A **Registration Form** for this event can be found on **page 13**, with a registration deadline of **March 3, 2023**.

April 13, 2023

Join the Club on **Thursday, April 13, 2023** for an enlightening and entertaining event as we learn more about the native species found in our area. This includes a presentation by **Nancy Kreuder, Wildlife Education Coordinator**, for the **Arizona Game and Fish Department**. Her presentation will focus on the “**Desert Animals and Adaptations**,” and will include several *live* exhibits.

Arizona is home to over 800 species of animals so it's not surprising to have encounters with them in our backyard, neighborhood, or out on the trail. As a wildlife educator from Arizona Game and Fish,

Nancy will be bringing live native species to help you learn how to identify some of the most commonly seen wildlife and best practices for avoiding conflicts. This will be an excellent opportunity for members and guests to learn more and ask questions about those animals often seen in the area that make their home in the Arizona desert.

The meeting will be held at **Chef Peter's Bistro** in **Surprise**, a popular local eatery, where five choices of meals will be available. See the **Registration Form** for this event for details. It can be found on **page 14**, with a registration deadline of **April 6, 2023**.

*Our Club will be celebrating its
50th Anniversary in 2024.*

*Stay tuned for details as plans are finalized for celebratory
meeting on March 12, 2024. Save the date!*

MEET CLUB MEMBERS – BILL AND RUBY BOECHLER

This month we continue to get to know our Club members better by featuring an interview Roxanne Steffe conducted with long-time members **Bill and Ruby Boechler**...

Commentary:

For more than two decades, Bill and Ruby Boechler have been active members of our Club. In the somewhat recent past, Bill was pivotal in adding dealers to our Loyal Dealer program, while serving many years on our Board of Directors.

We're pleased to share with you a bit of their history this month. It's fascinating, as are all the member interviews to-date. I know you will enjoy reading this as much as I did.

Bill grew up in Allan, Saskatchewan, Canada. While in high school, Bill played football, performed in various plays, and earned honors in Science, Chemistry, Physics, and English. He attended college at the Royal Military College of Canada in Kingston, Ontario.

 L-R: Bill Boechler, Hal Hubbard, Ken Wechselberger, Jim Harshman, Alan Steffe, Roxanne Steffe, Scott Gruwell, President-CEO Courtesy Automotive Group, Dennis Powers, Robert Goebel, Jim Smeets, Bob Adkins

Ruby, always dressed with impeccable style, was as a mainstay of our reception team, with Sue Smeets and Lora Tucker rounding out a fabulous team of fine ladies, all retiring from our reception table in 2019.

His military training included Basic & Advanced Parachute, Winter Warfare, Arctic Warfare, and Demolition Instruction, with Guided Missile Training and Intelligence School in the U.S.

After leaving the Royal Canadian Military College, Bill entered the Army where he served until late 1963. His first posting was as Garrison Administrative Officer in Dawson Creek, British Columbia, Canada, then part of the Northwest (Alaska) Highway and administered by Department of National Defense (DND). While there, he met and

MEET CLUB MEMBERS - BILL & RUBY BOECHLER (CONT'D)

married the lovely Ruby Dirks, originally from Vancouver, BC, a nurse at the Red Cross outpost hospital in the area. They recently celebrated their 65th wedding anniversary.

After Dawson Creek, Bill and Ruby were transferred to Camp Borden, Ontario. While there, Bill continued coursework in Parachuting, Demolition Instructor training, and Transportation, to name a few. He performed operational assignments in Europe, Africa, U.S., and Canada.

In February 1964, Bill accepted a position with General Motors as a field representative with their Motors Insurance Corporation (MIC). After receiving training in Automotive Engineering and Management at the General Motors Institute (GMI) in Flint, MI, he worked out of Toronto, Montreal, and St. John, New Brunswick in various field, sales, and service assignments. Ruby continued her career as a nurse, working in several nursing positions during these years. In 1967, they returned to Toronto when Bill was appointed Supervisor of Field Operations.

They moved to Richmond, VA in 1968 when Bill received his first management appointment. Next, they went to Dallas, TX,

where Bill became a member of the GM Regional Staff responsible for branch audits through the Southwestern U.S. Ruby continued working in nursing and was on staff at the Southern Methodist University (SMU) in the Student Health Facility where she thoroughly enjoyed attending to the health needs of the young university students.

In 1972, Bill and Ruby moved to New Rochelle, NY, when Bill was appointed to the Future Planning Staff at the GM HQ in Manhattan. Two years later, he went to Rochester, NY, as the field branch manager and, in 1980, he returned to Toronto as Manager Field Operations for Canada.

The Boechlers moved back to the U.S. in 1986 when Bill became Regional Manager, Western U.S. His office was in the GM Headquarters building in Detroit, MI. In 1989, Bill was elected an officer of the corporation and he retired as a Vice-President in 1994.

During Bill's time with GM, he successfully completed management programs at the masters level at the Wharton School of Business Management -- University of Pennsylvania and the Kellogg School of Management at Northwestern University in Evanston, Illinois. Ruby's out-going nature made it easy for her to find interesting work and volunteer opportunities along the way.

Bill's exceptional skills include alpine ski racing, and a ski instructor/ski patroller for many years, with experience in mountain rescue. Before leaving Canada, Bill was a

Vice-President of the Canadian Ski Patrol system and a member of the Canadian Ski Instructors Alliance. He has skied in Switzerland, Austria, Germany, and France, as well as in most of the major ski areas in Canada and the U.S. He enjoyed skiing, preferring Whistler, BC and Taos, NM, until knee joint replacement would end his time on the slopes.

Upon retiring, Bill and Ruby chose to divide their time between Phoenix, AZ and Bellingham, WA. They continue to enjoy travel, keeping in touch with family and friends, and their many hobbies and interests. Bill especially enjoys teaching welding techniques, plasma cutting, and metal sculpture at the metal shop in Sun City West. He also teaches and serves as shop manager at the woodworking shop. He belongs to the Lapidary and Silver Workers clubs.

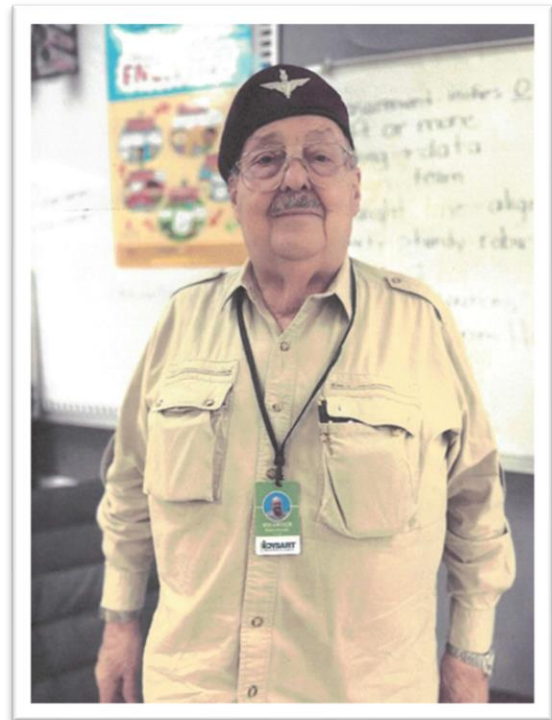

Bill enjoys a conversation with 2020-2022 Club President, Peter Langenhorst during the Club's tour and luncheon at the Martin Auto Museum, April 2022.

Bill also enjoys volunteering with the Society of Automotive Engineers – A World in Motion, a STEM program in local schools. Recently, Canyon Creek School honored veterans. We thank you Bill for your military service and community volunteerism.

Ruby & Bill regularly attend Club gatherings. The Christmas performance at the Arizona Broadway Theater with friends from the GM Alumni Club of Arizona is a holiday favorite.

MEET CLUB MEMBERS – BILL & RUBY BOECHLER (CONT'D)

On Wednesday, February 8, 2023, Ruby & Bill participated in the Club's gathering at the Musical Instrument Museum, Phoenix, AZ.

Ruby also enjoys gardening, calligraphy, serving as Membership Chair of the West Valley Nurses Club, and volunteering at the Sun City West Library Book Donation Center. The donated books then go into a larger community book sale, held four times a year. Proceeds are used to purchase new books for the library.

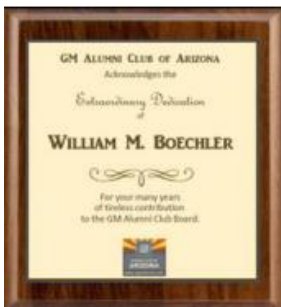

During our Golf Scrambles, Bill was the "man in demand" as he delivered beverages to Club members and guests out on the course.
Thank you Bill!!

Right: Bill and Ruby enjoyed harvesting vegetables at the University of Arizona "Field to Feast" when the Club offered a special excursion to Yuma, AZ, February 2020.
