## EDITOR'S WELCOME

Hello Alumni!

Here we are at the end of another very engaging and entertaining year. The Club's meetings took us to various sites in the Valley from Gilbert to Mesa, to Phoenix, to Peoria, and to Surprise. The meetings ranged from a dealer-sponsored luncheon with GM speakers, to an outstanding Broadway Musical production, to two exceptional museums, and very informative speakers on topics of great interest – water issues and availability and desert animals and their characteristics.

We finished our year with Nancy Kreuder from the Arizona Game and Fish Department educating us on the characteristics and habits of the common desert insects and animals we encounter here in Arizona. A summary and pictures from this April event can be found on pages 3 and 4.

The Board has been very active in planning a full program of activities for the upcoming 2023-2024 Program Year and has finalized the schedule for the year. This schedule can be found on page 5 in a format that can be cut out and posted on your bulletin board or refrigerator door. Use this to also post the meeting dates on your calendar to enjoy socializing and great entertainment with fellow Club members.

In addition to this listing of events, page 6 shows how our gatherings continue to be placed around the valley. This helps accommodate our members who reside throughout the valley. In addition, you will note this page lists several venues being considered for future meetings thanks to tips from Club members. Remember that the Board is always open to new ideas and venues that would be of interest to the rest of our Club members. Just pass your ideas along to any Board member. Board member contact information is listed on page 2.

With the upcoming 50<sup>th</sup> Anniversary Celebration for our Club, you will find an article on the Martin Auto Museum and Event Center that has been selected as the location for this event on pages 7 and 8. This venue is sure to surprise you!

In the Ambassadors' Corner on pages 11 through 13, you will find a new feature of "Getting to know our Dealer Concierges." In this edition, you will find brief biographies of the Liberty Buick and Liberty GMC concierges, while noting that a new concierge has been identified at Liberty Buick.

I hope you will enjoy this issue and have a great summer. Watch for more information on upcoming events in our fall newsletter or check out the Club's website for updates as they become available.

Enjoy your summer!

## PRESIDENT'S MESSAGE

Welcome!

How quickly our Club's Spring Season has ended. Our final event last week focused on the "Great Outdoors". It featured an outstanding presentation by Nancy Kreuder, Wildlife Education Coordinator for the Arizona Game and Fish Department. She included a few "live performers" that joined our group after lunch at Chef Peter's Bistro in Surprise.

Planning for the 50<sup>th</sup> Anniversary of the Club is off to a great start. The Martin Auto Museum has graciously welcomed us to their recently opened new Museum and Event Center. Our Team has been working hard to provide a very memorable event for all who attend.

For out-of-town Members who might plan to attend our event on March 12, 2024, the Martin Museum has a discounted rate negotiated at a local hotel near their Museum. If you are interested in more information about this, contact me or Roxanne Steffe, and we will give you the details

I hope you have signed-up to renew your GM Retiree information on the Corporate website in response to the Corporate emailing in mid-March. Your registration is important to insure that you continue receiving any Corporate Retiree communications. The cutoff date is May 12, 2023. This will offer you a way to continue to receive updates from the Corporation as well as other events such as Ride and Drives. They will only send you what is relevant to you and your location. Our Club has had a great relationship with them in the past, and want to continue that as strong and positive representatives of General Motors.

We have had a very successful year thanks to our Board of Directors and Sub-Directors. We also cannot forget the two wonderful and pleasant ladies who have welcomed our members and guests over the years. Delrene Buterakos and Rosemary Kovacevic have worked the Reception Desk and truly made our members and guests feel welcome. Our sincere thanks to Delrene and Rosemary!

In closing, have a SAFE and enjoyable Summer! We look forward to another great year next year, including a Memorable 50<sup>th</sup> Anniversary. See you then!

**APRIL 13, 2023 – CHEF PETER’S BISTRO – ARIZONA GAME & FISH TOPIC**

The April 13<sup>th</sup> Meeting brought the Club together at a new venue – Chef Peter’s Bistro in Surprise. The relaxed setting made socializing easy. Following an outstanding meal and great service, Nancy Kreuder, the Wildlife Education Outreach Coordinator from the Arizona Game and Fish Department, gave a very informative explanation of the Wildlife Creatures that are a part of our daily Arizona life, whether at home, in our neighborhood, or hiking the trails. She provided explanations of how to treat encounters with a variety of the native animals and insects, while showing off several live examples. The pictures below highlight some of the day’s activity, while more can be found on the Club’s website at [PowerPoint Presentation \(azgmalumni.com\)](http://PowerPoint Presentation (azgmalumni.com)).

**LOOKING FORWARD**

As we will now enjoy our summer and look ahead to next year, the Board has already prepared its schedule of planned events for the coming 2023–2024 Program Year and the beginning of the 2024–2025 Program Year.

These events are listed on the right side of this sheet so you can easily *cut it out and post it on your bulletin board or place it with a magnet on the front of your refrigerator.*

At the same time, you will want to *put these event dates on your calendar* so you will not miss any events in the coming year.

Remember that 2024 is the 50<sup>th</sup> Anniversary of the Club's founding, and the Board is planning a memorable celebration event for **March 12, 2024** for all its members, with an agenda far more than one of our typical monthly meetings

The Board works to finalize the details and costs for each event through this inflationary environment our country is currently facing.

As event details and costs are finalized, they will be made available through the Club website [GM Alumni Club of Arizona - Home \(azgmalumni.com\)](http://GMAlumniClubofArizona.com) and future Newsletters.

## 2023 - 2024 PROGRAM YEAR KEY EVENT AT MARTIN AUTO MUSEUM

As we look forward to coming together to celebrate our **50<sup>th</sup> Anniversary** at the **Martin Auto Museum and Events Center** on **Tuesday, March 12, 2024**, we have assembled information to provide you with a quick overview on this outstanding venue. Founded in 2005, Martin Auto Museum responded to demand and relocated to a new and expanded facility in 2022, and features over 150 vehicles on display.

The museum was founded by real estate developer Mel Martin to showcase his collection of vintage vehicles and automobile related memorabilia.

Mr. Martin began collecting cars in the 1960s. And, over the past 60+ years, has grown his collection of vintage, historical and one-of-a-kind cars to more than 170 vehicles, along with a vast array of automotive memorabilia. While the majority of the vehicles belong to Mr. Martin, a couple belong to the museum's board members.

With the desire to share with those who have an affinity for all things automotive, Mr. Martin and his wife, Sallie Martin, realized it would bring them joy to purchase a building with adequate space to showcase their automobile collection and related artifacts. So, in 2005, Mr. Martin organized his vehicles into a private collection and in 2008, purchased a building in north Phoenix and founded the Martin Auto Museum.

The interest quickly grew for tours and on-site events and early in 2022, the museum moved to a

much larger location on the northwest corner of 43rd Avenue and Thunderbird Road, Glendale. It is known today as the Martin Auto Museum and Event Center. It now houses a collection of over 150 vehicles, with more vehicles stored off-site for rotation into the display on an on-going basis. All vehicles on display offer the basic information including the year, make, model, etc. of each vehicle.

Above left: Mr. Martin enjoys the opportunity to share his collection with those who appreciate classic vehicles and artifacts.

Above right: Area dedicated to Corvettes, Camaros, and other high-powered cars in Mr. Martin's collection.

Below: Overview of the vast museum display.

The Museum also has one of the largest collections of auto memorabilia, antique gas pumps, and signage anywhere.

A back room shop area is available for vehicle repair and refurbishment, where selected youth have opportunities to work with the mechanics and learn about automotive repair, mechanics, and electrical systems.

(Continued on page 8)

**2023 - 2024 PROGRAM YEAR KEY EVENT AT MARTIN AUTO MUSEUM (CONT'D)**

Much to our delight, when the Club visited the Museum in April 2022, we were able to sit in most of the vehicles, with many posing for some keepsake photos.

Above: Jon Moss enjoys the vehicle for which he was responsible to build while still working at General Motors.  
 Right: Members enjoy being chauffeured around the museum.  
 Below: Ward Atkinson and Barbara Zielinski remind us how couples used to enjoy sitting next to each other while cruising.

Mr. Martin's Event Team, led by Michael Griffin (*standing left below*) was ready to ensure our Club had an enjoyable visit.

This museum is well-planned for the enjoyment of all ages, including a separate room with pinball and video games. And our younger selves quickly appeared as we enjoyed the carousel ride.

After our gathering last April, with a catered lunch in one of the four banquet rooms, many members were asking... "This museum was phenomenal! When are we coming back?"

Building on this enthusiasm, the GM Alumni Club of AZ has reserved a nicely appointed 4,900 sq ft banquet room, with audio visual and a performance area.

And, while we've all been to car shows over the years, the Martin Auto Museum and Banquet Center reignites memories from our past that help to define a lifetime of personal growth gained through working for an automotive titan.

Mark your calendars now for March 12, 2024. More details regarding plans for the day's activities will be forthcoming in future newsletters and on the Club's website.

This section – the **Ambassadors' Corner** – will regularly keep you updated on what is happening at our Loyal Dealers – awards, special activities, promotions, incentives, etc. Check out their latest news below.

Ken Muecke  
*Thank you!*

This month, LIBERTY BUICK announced that our GM Alumni Club Concierge, **Ken Muecke**, will be working only part-time in the office. In order to have a full-time office representative as our Club Concierge, they have identified **Charles Macdonald** as his replacement.

The Club thanks Ken for having so ably taken care of so many members of our Club over the years and welcomes Charles, while looking forward to getting to know him better and working with him.

To that end, we are starting a new section in this newsletter to present a brief biographical sketch of our Alumni Club Concierges, so that when you meet them you may have some facts that will draw you into a closer relationship and a better dealership experience. Today you can get to know our **Liberty Buick and GMC Concierges – Charles Macdonald and Lydia Falcon**.

Charles Macdonald  
*Welcome!*

### Charles Macdonald – Liberty Buick

I was born and raised in Santa Cruz, California, in 1959 where I lived just two short blocks from the beach. I spent the majority of my early life surfing, spending time on the California beaches and motocross racing. I graduated from SoCal High School and went on to further my education at San Jose State, where I was offered a spot on the golf team. During the summer before my senior year, I got into a car accident where I broke my back and was forced to end my golf career. Since my schooling was no longer being paid for by my scholarship, I began working for Kirby selling vacuum cleaners part time until I graduated.

After I graduated from San Jose State, I accepted a job with IBM. I only pursued this career path for about nine months before I realized I couldn't stand being trapped in a small office with no windows every day. I eventually went back to Kirby and became a distributor with a 35 man sales team for the next 22 years until I eventually retired.

In 1999 I moved to Arizona; this is when I began my journey with the Liberty family. Unfortunately at the time, Dana Moore already had too many salesmen on the floor, so I went to work for his brother Jerry at Sands Chevrolet. 2003 is when I moved to Surprise and asked Jerry if it'd be okay if I went to work for his brother, since it was so much closer to my new home. In February of 2004 I officially started at Liberty Buick, and you know what they say, the rest was history. I went on to achieve Salesman of the year for six years.

After all these years in the car business, I still think my favorite part of it all is being able to gain so much knowledge on every vehicle and then transferring that knowledge to my customers. I truly think people don't realize how much you care until you show them how much you know, and it's so important to me that I'm able to educate all my customers, so they have the ability to make the best decision when it comes to their new vehicle.

Charles with golf teammates Ben Gruler, Brad Tebrake and Josh Sgro.

Outside of work, I love to spend as much time as possible with my family. Every Christmas my daughter and two of my grandchildren, who live in London, come here to spend the holidays with us, and every summer my wife and I head over there to see them. I'm also fortunate that my other grandchild lives here, so I am able to spend time with him and watch him grow up. I also spend a lot of my free time golfing again, and restoring my 1986 K10 4WD Chevy pickup.

AMBASSADORS' CORNER (CONT'D)

Above right: Charles at the renowned St. Andrews Old Course in Scotland, a frequent and famous British Open venue.

I've been so fortunate to work for the Liberty family for the past 20 years. I've had the opportunity to see the way it's changed over the years. The ownership here really makes it feel like a big family, so there's really no surprise that people stay here as long as they do! I've had so many memorable experiences with Liberty, from participating in golf tournaments to going to other events like basketball or football games. There's really so much to be thankful here.

Charles looks forward to serving you for your new Buick needs and can be reached at 623-206-4077 or [cmacdonald@libertybuick.com](mailto:cmacdonald@libertybuick.com).

Lydia Falcon – Liberty GMC

Hi everybody! My life started in Texas where I was born. A short six years later my family and I moved to the Valley in California, where I was raised and eventually started my career selling life insurance. In 1998, I moved here to Arizona where my brother brought me into the car business and I first began

my car selling journey at Pontiac!

I remember my first day on the floor when my manager turned to me and said, "Hey Lydia, why don't you go get yourself an up." Being my first day in the business, I had truly no idea what he was talking about. I turned back to him and asked "What's an up?" Who would have thought 25 years later I would still be here, getting 'ups' and doing something I absolutely love!

Early on in my career with Pontiac and my life in Arizona, my son passed away, and I moved back to California to be with my family. I took about three years off from the car business to be with my family and take care of myself. I then moved back to Texas and worked for Autonation for about seven years before I finally found my way back to Arizona in 2016 to live closer to my grandkids, who are now 20 and 21!

My journey with Liberty GMC started shortly after I moved back to Arizona in 2016. A friend of mine was

working at Liberty, and she was always raving about how great of a place it is. So, I drove down the road, interviewed at Liberty GMC, and the rest was history!

Lydia enjoying a work Christmas part with her friend Diane.

There's no better feeling than getting to know my customers, helping them decide on what vehicle checks all their boxes, and then seeing the sparkle in their eyes when I pull it up to them so they can drive it home! I always remember back to when I bought my first brand new car. It was a Mercury Cougar, and I drove it right off the showroom floor. I was grinning ear to ear my entire drive home, and it's always my goal to have my customers experience that feeling of euphoria when they make their purchase!

In 2018 I moved my mom to Arizona to come live with me so I could help take care of her. When I'm not at

work I spend most of my time with her! She's 80 years old now, so I bring her to all of her appointments, have movie nights, and do a lot of shopping at Macys.

Lydia helping to celebrate her mother's 80<sup>th</sup> birthday.

Lydia and her family enjoying time together.

On the weekends we like to go out for food together. She favors Mexican, but sometimes I get to sneak my favorite in there, which is Chinese! Every Sunday we wrap up the week by going and playing Bingo together!

I'm very fortunate to have joined Liberty GMC all those years ago. It has brought me so many friendships and

long-lasting memories! After 25 years of being in this business, I never get tired of meeting and connecting with new people and watching the smile on their face when they drive off in their perfect vehicle.
