

The Culinary School @ evit

Chef Joe Kalfus,
Director, EVIT Culinary School

EVIT's Culinary Arts faculty combines a wealth of academic and industry experience providing students with the combination of fundamental knowledge and practical skills needed to excel. The GM Alumni Club of AZ has hosted a Club meeting at the EVIT several times since 2013.

EVIT Culinary Arts students receive meaningful exposure to food preparation and service in the areas of contemporary American cuisine with classical influences, baking and pastry arts, as well as table service and dining room management. Our members look forward to returning to the EVIT and value spending time with these motivated young people as they gain valuable experience in an authentic food service setting.
