EDITOR'S WELCOME

Hello Alumni!

January seems to have passed very quickly. Our Club had a great start for 2019 on January 16th at the EVIT. In addition to a very informative presentation on a hot topic across the country, and of special interest in AZ – *Human Trafficking Prevention*, – the Club's annual elections were held. Roxanne Steffe took over as the Club President for 2019, and Mike Borugian was elected Vice-President. You can learn more about Mike in the informative interview of Mike found on page 3.

On February 12th, the Club members and guests are invited to attend a free luncheon sponsored by our Loyal Dealer, Arrowhead Cadillac, at their dealership. It will be an exciting time to learn more about the many changes happening at Cadillac and the new vehicles that have recently debuted and others in the pipeline. More meeting information can be found on page 7, while an informational article on Arrowhead Cadillac appears on page 6.

Remember that "Bob Hope" will be visiting the Club at Rustler's Rooste on March 12th in the person of professional comedian Lynn Roberts. It will be an excellent opportunity to briefly forget your cares and have some good, hearty laughs. April 2nd has been identified as the date for the Club's Picnic-in-the-Park at PebbleCreek's Sunrise Park as our closing meeting for this program year. The final Club activity will be the annual golf scramble on April 16th being held at Grand Canyon University Golf Course. More information about these events can be found on pages 7 & 8.

I want to thank all of you who have renewed your memberships for 2019; however, some 2018 members still have not renewed. If you have not yet renewed, please do so as soon as possible, since the 2019 Membership Cards with the listing of current GM Alumni Concierges at each of our loyal dealers will be emailed by mid February to all 2019 members in good standing. I will also be publishing the 2019 Membership Roster for all members later this month.

Remember to check the Club's website at www.azgmalumni.com frequently to get the latest information on upcoming activities, meetings and pictures from past meetings.

I look forward to seeing you at Arrowhead Cadillac on February 12th. Enjoy!

The GM Alumni Club of AZ is a big part of why Al & I look forward to our lives in Arizona. That's a rich statement when you consider that there's so much to do in Arizona. At this stage in my life, I am more focused on a higher quality of life. Connecting with members of the GM Alumni Club is time well spent. Let me explain what I mean by this.

Our Club represents 46 different GM divisions/affiliates and seven additional organizations represented by our associate members. Our career experience spans the United States and some with global assignments. We have abundant skills and talents beyond any other organization I'm

associated with. Gather all of this diversity into one group -- with an appreciation for the prominence of General Motors worldwide -- and you have a group of people who share a lifelong pride that will not fade with time.

As a Club of GM Alumni with shared and lasting experiences, we are primed to enjoy time with other club members. Joy is exactly what I experience at Club meetings and every time I talk with a member on the phone and in-person. It doesn't matter how often we connect, the friendship is automatic and always gratifying.

As retirees we may remain connected to the corporation as GM ambassadors for our personal enjoyment. We have the opportunity to provide certificates to friends and family to reduce their purchase price of a fine GM vehicle. Information on how to get a certificate is provided later in this newsletter in a piece labeled "GM Family First". We have the opportunity to remain informed on GM product announcements through an email distribution managed by one of our members. And we've built a relationship with GM Public Policy. They've travelled twice from Washington D.C. to update us on the strides GM is making in the circuitous journey to autonomous vehicles. We're looking forward to another visit in 2019, with a date pending and announcement coming soon.

As consumers, we enjoy a VIP relationship with five GM dealerships around the valley. Be sure to take your 2019 GM Alumni Club of AZ membership card with you the next time you visit them. They've each designated a specific person to serve as our GM Alumni Club Concierge. The contact information for each Concierge is on the back side of your membership card. Feel free to call them in advance and let them know you're coming in. You'll notice that your 2019 card includes new names. These five dealers also provide perks to our members including free luncheons and more.

In closing I'm pleased to tell you that our Club is now accepting payment via credit card for your membership renewal and event registration. And we're researching the possibility of offering on-line registration in the fall. Likewise, paper registration forms will continue to be available for download on the Club's website, and supplied with each newsletter. And if you're not available to do so, I hope you'll give me a call and share your thoughts on what we can do to make your membership more enjoyable for you. Hoping we connect soon,

MEET OUR 2019 VICE-PRESIDENT – MIKE BORUGIAN

Meet Mike Borugian

Say "Hello" to **Mike Borugian**, our newly elected Vice President for 2019!

Mike was born during World War II in Detroit, Michigan, and lived with his grandparents for three years while his father was overseas. When Mike's

father returned from overseas, they moved to Lincoln Park where Mike spent his formative years through the tenth grade. The family moved to Bloomfield Hills, Michigan, where Mike finished high school, graduating in 1960. During high school Mike was a competitive swimmer where he developed his thirst for speed. Mike is the first born of three children and has a brother and a sister.

Mike entered the University of Michigan studying mechanical and electrical engineering.

First Car

He received a BSME degree

from the University of Michigan in 1964. But his self-improvement did not stop there. Mike continued educational pursuits throughout his working years with classes in law, finance and management through General Motors, the University of Michigan, Dearborn and Harvard.

Upon college graduation in 1964, Mike was hired by General Motors as a Junior Engineer at the Chevrolet Engineering Center in Warren, Michigan. His career with GM took him through a number of assignments in design, development and test in the disciplines of body, chassis, powertrain and electrical engineering for the smallest passenger vehicle (Chevette) to the largest trucks (18 wheelers). Mike has always been willing to learn.

While valuing the history and roots behind past

automotive products, he enjoys embracing the future, especially high-tech leaps in innovative new product designs. Mike also likes working with people, especially benchmarking them both up and down the "ladder" for strengths and weaknesses in order to help them (and him) improve skills. Mike has a likeable personality, is outgoing, outspoken and quick to make decisions. His goal has always been to "get the job done" speedily and in the most efficient manner possible. Most likely traits that led him to cap his 36 years with General Motors in the position of an Executive Director in Truck Engineering.

First "Newish" Car

Being an engineer, Mike loves tech related subjects and likes to tinker with whatever he can lay his hands

on from scooters and motorcycles to, of course, automobiles and trucks. Being Mr. Fixit, he prides himself in being able to analyze device faults, dismantle, repair and reassemble anything. One of his greatest challenges was revitalizing a vintage slot machine from a myriad of pieces into a fully operational gem.

After graduating from college in 1964, Mike married his love, Maryln. She was born and raised in Detroit, Michigan. Over the years, the couple lived in Royal Oak and Troy, Michigan, where they raised three daughters, Deborah, Jennifer and Michele, who in turn are bringing up three grandsons, Justin (Jennifer), Evan (Jennifer) and Brady (Michele).

Maryln's career accomplishments included nurturing three wonderful daughters as well as successful marketing and business endeavors,

MEET OUR 2019 VICE-PRESIDENT – MIKE BORUGIAN (CONT'D)

her last in advertising specialties.

Shortly after Mike's 2000 retirement, they found the perfect snowbird spot in the Springfield Subdivision of Chandler. Mike and Maryln became active members of the Arizona GM Retirees Club in August of 2011. They have enjoyed many club events during their winter months in the Valley of the Sun. Unfortunately, after a long battle with cancer, Maryln passed away in the fall of 2016.

Mike continues to spend his summers in Troy, Michigan, and winters in Arizona as a very active participant in the GM Alumni Club.

When you see Mike at a club event, stop and say "Hello". He has a wealth of knowledge and experiences that he is bringing to his position as our new club Vice President. As Mike says, ***"I may be a part-time resident but I have a full-time interest in the welfare of the GM Alumni Club of Arizona."***

A Proud Grandfather!

*Bob Adkins, Sub-Director for Membership Development Activities, continues to produce outstanding interviews of our members in the hope that these will give everyone a better insight into the makeup of our Club. I'm sure you will enjoy this information and note the depth and breadth of experiences our members have. Here you have read Bob's interview conducted with the Club's new **Vice-President for 2019, Mike Borugian**. Use this introduction as background as you interact with Mike at future meetings and get to know him better.*

2019 CLUB MEMBERSHIP RENEWALS BECOME DELINQUENT FEBRUARY 1, 2019**RENEW YOUR
MEMBERSHIP**

The 2019 Membership Roster will be published later this month. If you have not yet renewed your membership, do it now to be included.

As a reminder, **2019 Club Membership renewals were due January 1, 2019** and become delinquent February 1, 2019. The Membership Renewal form is included for your convenience on page 15. If you know other GM retirees or alumni who might be interested in our Club, please pass along one of these forms for their use as well. Remember that there is a \$10 Coupon incentive available to any member who refers a new member who joins the Club. New 2019 Membership Cards will be distributed in February to all paid-up members at that time.

JANUARY 16TH MEETING SUMMARY

On January 16th, 73 members and guests met at the EVIT Culinary School to learn about Human Trafficking, its impact on society, and prevention techniques that can be used with family members and friends. Lori Regnier, Co-founder and Vice-President of the Starbright Foundation, explained that Arizona has one of the highest rates of human trafficking in the country. It is all around us. She identified some of the subtleties one needs to be aware of and look for to prevent possible family members becoming a statistic. More information can be found at <https://starbrightfoundation.org/>. Here are pictures from the meeting thanks to Club Photographers, Karen Schlax and Paul LeSage, with more available on the Club website at http://www.azgmalumni.com/uploads/7/6/0/5/76050309/20190116_meeting_-_evit.pdf.

MEET OUR LOYAL DEALER – ARROWHEAD CADILLAC

FROM THE DESK OF
GENERAL MANAGER, ERIC ZIMMERMAN

The staff at Arrowhead Cadillac truly appreciate the contributions that you and your family made to General Motors.

At Arrowhead Cadillac our philosophy is simple: "Be Committed." As your dedicated Cadillac dealer in Glendale, we believe in bringing that commitment to work every day, as we strive to bring you the best in customer service and satisfaction. It's this commitment that has earned us many accolades over the years, including Cadillac's prestigious "Dealer of the Year" award in 2013, 2014, 2015, 2016, 2017 and 2018 and the "Mark of Excellence" award.

Be proud that Arrowhead Cadillac also brings our commitment to excellence to our community through our support of many local programs and organizations. Among them is Phoenix's Crisis Nursery. A non-profit organization, Crisis Nursery's mission is to help at-risk children in our community. To help support their mission, Arrowhead Cadillac has become a yearly keynote sponsor, donating a vehicle every year to be auctioned off by the organization. Cadillac also brings our commitment to excellence to our community through our support of many local programs and organizations.

I was born and raised here and attended ASU. Please feel free anytime to reach out with any questions. I love the valley and the car business.

Our Club members can attest to Arrowhead's customer satisfaction orientation as they note:

"They were excellent. They gave us all the time to look at all the different Cadillacs. It was like he had no other person to be with. They bent over backwards for us. They were super to work with and couldn't have been nicer." Rosemary & John Kovacevic

"Arrowhead Cadillac is a world class dealership. Robyn Schluter, our GM Alumni Concierge, recently arranged a CT6 demo. I took it home and did a thorough city & highway evaluation. Amongst the long list of comfort and safety features the CT6 demo had was Super Cruise. Using it on the 303 and 101 was great even in commuter traffic. I've ordered a 2019 CT6 and can't wait to get behind the wheel." Roger & Cathy Hanneman

Lynn Roberts
Professional
Comedian

In March, our Club will return to Rustler's Rooste in Phoenix to experience a true western cowboy meal of steak, chicken, corn, potatoes and all the fixin's. Following the meal, we will be chomping at the bit for the entertainment and laughter provided by Lynn "Win" Roberts, a professional comedian. He will be entertaining us with his best "Bob Hope" comedy routine, accompanied by another "surprise" character for our entertainment.

Lynn has been performing professionally since the age of 14. He majored in music at the University of Nebraska and was a featured vocalist and instrumentalist with many bands including Russ Carlyle, Guy Lombardo, Jimmy Dorsey, and others. In 1964, Roberts started developing a musical variety act, playing more than a dozen instruments and singing. He began impersonating stars after hearing that he sounded or looked like them. Roberts' favorite impersonations are Bob Hope, Jack Benny, and Red Skelton among others. Lynn won a Cloney Award for his impersonation and tribute to Bob Hope in 2006. For the past 16 years, he has been touring the U.S. and Canada doing his tributes. On December 3, 2017 Lynn was presented with a commendation from the State of Michigan for his work entertaining Veterans nationally as a Bob Hope Tribute Artist.

You can view several samples of his comedy impersonations on his website at www.lynnrobertsenterprises.com.

Cost is \$35.00 for members and \$40.00 for guests. Check-in will start at 10:30 a.m. with an open bar available, and the comedian performing after lunch. **Registration is due by March 5, 2019.** A Registration Form can be found on page 12 and along with more event information on the Club's website, www.azgmalumni.com.

GM FAMILY FIRST WEBSITE

The GM Family First Website was created to help all active and retired GM employees search, explore and purchase GM vehicles and services. The site has a wealth of information for every GM person and should be listed as one of your favorite bookmarks on your computer. One of the best benefits of working at GM or having retired from GM is allowing all company people to purchase GM vehicles. See the statement below on employee discounts:

About the GM Employee Discount

When you're part of the GM family, you always have savings to share. Families can turn any shared experience into something special. GM does the same with the GM Employee Discount, allowing employees and eligible family members to purchase or lease an eligible, new Chevrolet, Buick, GMC or Cadillac vehicle at a special discounted price below MSRP. Combine it with most current offers to get even more.

In addition to searching for your favorite GM brand and vehicle, you can also search the latest incentives and allow the on-site tool to build and price a vehicle of your liking. And by providing your zip code, it will automatically plug in the current incentives in your area of the country and help you find the closest dealer to your home. Your GM Employee discount coupled with current incentives on that vehicle in your area gives you a solid estimate of the cost for that vehicle.

Moreover, as GM employees and retirees, we have the ability to purchase vehicles at GM Employee prices for family members as well as provide discounts to friends and neighbors interested in GM products.

If you haven't created an account on the GM Family First website, we recommend that you do so right away. Just go to www.gmfamilyfirst.com and select "create an account," and you will be on your way to explore all the current GM products, incentives, financing options, dealers and much more.

Feel free to contact **Peter Langenhorst**, our Club Family First SME, at prlangenhorst@me.com or (623) 313-0133 with any questions you might have.
