

The play "Elf" at ABT was great. Buddy the Elf helped put a song and the spirit of Christmas in your heart. The food, friendly service and good company made for a great afternoon.

& Fancy socks too!

The Arizona Broadway Theater production of ELF is a great way to get into the holiday spirit. The food was great. The performance was funny and enjoyable--really good dance numbers! GM Retirees Club never disappoints.

ARIZONA BROADWAY THEATRE TOY DRIVE!

Helping Hands for Freedom is a 501(c)(3) dedicated to supporting families of the fallen, wounded, and deployed. The primary focus is emergency financial assistance to pay for past due mortgage/rent, utilities and vehicle payments. The secondary focus is paying for family attendance to special events including sports, amusement parks and entertainment venues.

During the holidays Helping Hands for Freedom is laser focused on Gold Star families who have lost a family member as the result of war and families with a wounded parent or sibling.

The toys should be new, unwrapped, and for ages from 2 to mid-teens. The Helping Hands for Freedom holds a holiday event which includes dinner and the opportunity to select a toy from this collection. After that event, Helping Hands for Freedom assists other families who are unable to attend by picking up toys on December 21 and arranging for delivery prior to Christmas.
