Karen & Tom Barnes:

"The tour guide's presentation was GREAT. We especially enjoyed learning about the historical progression of fire fighting equipment from the bucket brigades to modern day fire trucks from many unique countries and different states in the U.S. We also enjoyed the area that was dedicated to the firefighters lost as a result of the September 11th World Trade Center tragedy."

CLUB MEETING – Tour & Luncheon

Hall of Flame – Firefighting Museum

Monday, November 16, 2020

Pete Langenhorst:
“For our first GM Alumni event of the year, it was a great turnout to tour a fascinating history of how mankind dealt with fire. The evolution of the fire truck paralleled the evolution of the automobile in so many ways that all of us GM folks could relate. Thanks to all that participated in a safe and fun way.”

Pat Stoner:

"I've been a member of the Club for a long time and have enjoyed everything we've ever done. Going to the museum for the firemen was an experience I will never forget."
